

Dear Friends & Art Lovers

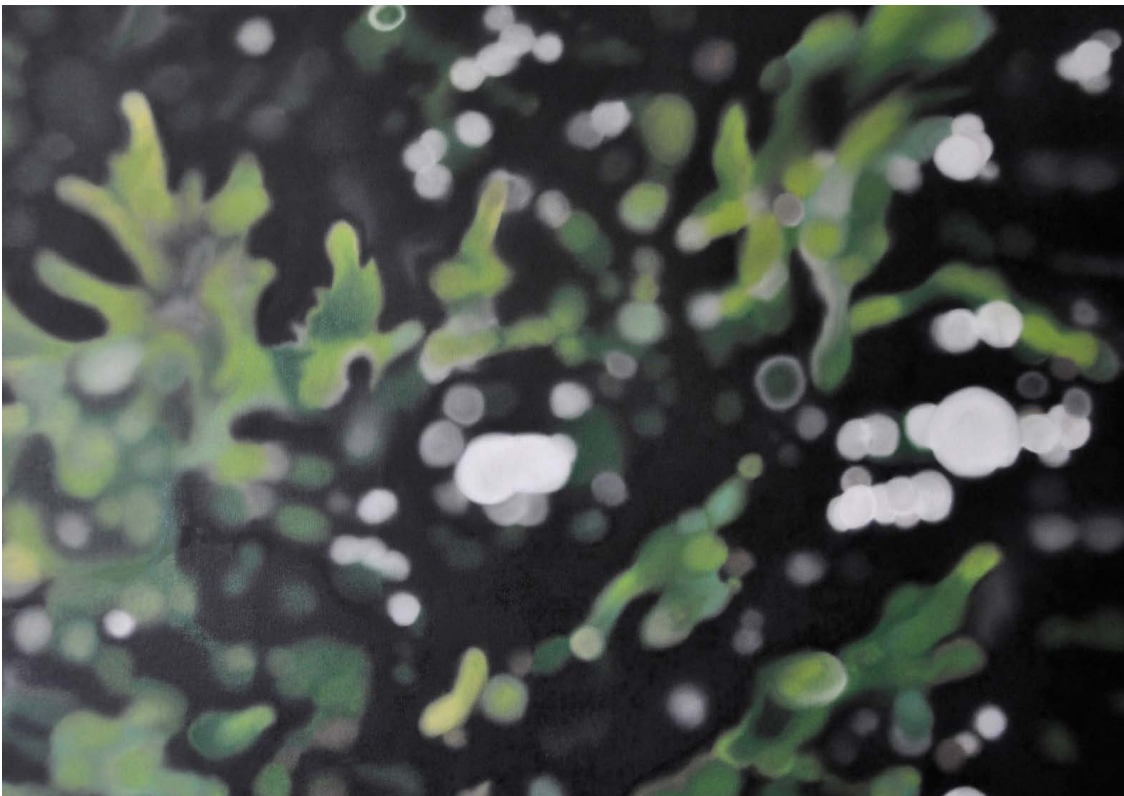

I am super happy to be able to invite you to art events again which wasn't possible for a significant while. Studio hours have been piling up over the last six months and I am looking forward to sharing my recent body of work with you via three upcoming shows with new work only.

#1 Réalités augmentées. New paintings // Solo Show // Fellner Contemporary // Opening: October 29th 4pm - 9pm // Show Oct. 29th - Nov. 28th // Wed. - Sat. 11am - 6pm

This new gallery is run by curator Hans Fellner and focuses on broadcasting Luxembourgish contemporary artists with mainly monographic shows. This will be their second show after the debut with the Duo Patricia Lippert & Pascale Behrens.

The gallery will also feature my work at this year's Luxembourg Art Week:
